1001 Ways to Market Your Books

If you've logged into the Members Area, you're already aware that we've provided you with materials to promote your eBook business for little to no money... but if you're searching for even more ideas then "1,001 Ways To Market Your Books" is sure to please.

John Kremer's home might be nestled in Iowa cornfields, but his advice on book marketing comes straight from publishing's epicenter. 1001 Ways to Market Your Books is a tome of biblical proportion, a 700-page "organized potpourri" of useful ideas, examples, tips, and suggestions.

It is these stories that inspire one to think outside the box. One Canadian author changed his last name from Zimmerman to Cimmerman purely for bookstore-placement purposes. And Greg Godek, author of 1001 Ways to Be Romantic, performs a reverse shoplift. He sneaks copies of his books onto stores' shelves, figuring that if a copy sells, the store will order more.
